

The Sustainability Team is made up of those persons who have made a contribution to the Sustainability Fund.

We are grateful to all supporters – whether through pledging or to the Sustainability Fund. We are also wanting to emphasize and encourage people's priority remain on maintain or increasing their pledge. If members wish to help encourage others to maintain or increase their pledge by providing matching funds, we are very gratefully receiving donations between \$100 and \$10,000. These donations can be made in annual increments or in one lump sum. If you'd like to donate to the Sustainability Fund, checks can be made out to UUSM with 'Sustainability Fund' in the memo line. All other checks from members will be counted towards their annual pledge.
